9 August 1957

MEMORANDUM FOR: C/TSS/ED

ATTENTION:

50X1

SUBJECT: B-26 Dispenser

1. Per discussions in this office with members of your Staff the following information is forwarded to you regarding the following:

a. The location of the controls should be in the forward navigators position with the same arrangements for pilot emergency release of leaflets as presently configured in the RB-69A.

b. For your information bomb-bay tanks are located aft of the bomb-bay in the Agency configured aircraft.

c. An emergency capability for releasing the leaflets is desirable.

d. Agency aircraft in the field will be modified to accommodate power requirements of this dispenser.
